TO THE TAXPAYING PATRONS OF THE CLIFTON PUBLIC SCHOOLS:

School Notes

PATRONS' DAY DRAWS

LARGE ATTENDANCE

The first annual Patron's day was observed Friday, April 7th, with much interest and enthusiasm by both parents and pupils. The regular class work done by the children evoked much favorable criticism. The displays in handwriting, art, domestic science and manual training were highly appreciated by all. Probably the most exciting class was the high school stenographic class in dictation where some of the visitors gave letters to the class to copy and read. However, the class survived and the visitors were well pleased with the visit. The best display was, to most of the visitors, that of the domestic art classes, the fifth grade having a little the best of the argument. The refreshments served by the domestic science department were enjoyed by all the visitors to the high school building. It is hoped that when the next annual Patrons' day comes every parent will be present.

The seniors of the high school held a short meeting Monday afternoon and completed arrangements for their commencement which is to be held Saturday, May 13, with Dr. von Klein Smid as class speaker.

The Junior play given at the auditorium Monday evening was a brilliant affair, full of funny situations and side-splitting bits of wit and humor. Each actor did his part well and deserved honorable mention. The music was well chosen and pleased the audience in every respect. Miss Wadlington and the "Eucalyptus" cast deserves praise for the way in which the production was rendered. The proceeds of the evening will be used by the Juniors in entertaining the Seniors.

Mr. Jenkins was a school visitor last week and made several pleasing and instructive talks to the children and to the high school students.

With but one more month of school there is an unusual effort among the pupils to make up back work and do their regular work well that they may advance to the next higher grades.

TO THE VOTERS OF THE TOWN OF CLIFTON:

In order to give the voters of the town of Clifton a general idea of my qualification for the office to which I aspire, namely, Street Supervisor, in the coming city election I will endeavor briefly to state the reasons for which I am a candidate. I feel that if elected that I can give the taxpayers of Clifton value for every dollar expended in the conduct of the office and will endeavor to, at all times fulfill the duties of the office in a conscientious manner, always looking to the best interests of the taxpayers and to see that the funds provided for this branch of the city government are expended to the best advantage. Being a civil engineer of many years experience I propose to perform the duties of Town Engineer thereby saving the salary of one man. If elected to this office I would be fully capable and able to handle both ends of the business to advantage and save the people a great many dollars of needless expense annually. In my mind it stands to reason that these two offices should be combined as their duties are closely related and a technical as well as practical man in charge of these affairs would be worth inestimably more than one who is conversant with only one of the requirements which the office demands. With the conviction that the voters will see the feasibility of the combination of these qualifications, and what they mean to them in dollars and cents, I feel that with my experience in both lines of work I am fully qualified for the duties of street supervisor, and before casting your ballot at the election on next Friday, I ask you to give these qualities due consideration and to cast your vote for a man who will give a satisfactory account of the office.

Respectfully,

B. VANDERCOOK.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any detergent can put this up for you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.
